Re: Response to Second Request for Extension

Dear Chief Deputy Enderlein:

Thank you for your letter e-mailed on November 13, 2024, in which you made a second request for an extension for compliance with the reduction of capacity of the Hennepin County Adult Detention Center (ADC) term as outlined in the conditional license order. In light of the information you provided in your request about the efforts to contract with several other counties to house inmates, the DOC grants your request for an extension to December 5, 2024, to comply with the reduction of capacity of the Hennepin County ADC's approved capacity. Pursuant to the conditional license order and this extension, Hennepin County ADC must reduce capacity to 600 inmates no later than December 5, 2024, at noon. The remainder of the conditional license remains in effect.

Sincerely,

Kristi Strang
